

HOSPITALITY
COLLECTION

SWEDESE

The word "hospitality" evokes warmth and care, generosity and togetherness; qualities which guide every aspect of our furniture production. However, the concept of hospitality is perhaps even more apparent among the furniture and accessories in the Hospitality Collection. Designed and crafted with identity and character. Tailor made to create a pleasant atmosphere and a warm sense of harmony and appreciated by informed people whatever the time and space; a vibrant lounge, a trendy restaurant, in the stillness of a welcoming doctor's clinic, in the quiet calm of a library, in an inviting hotel room or as a logical choice in a creative office space. It's also a favourite you'll want to come home to. All furniture and details are made from authentic, genuine materials by experienced, skilful hands with respect for sustainability and our shared environment. They're durable and robust. They'll age with beauty. And they'll last a lifetime. Many of our models can be customized according to unique dimensions and materials so they can take care of their guests in the best possible way in all settings and environments. With the furniture in the Hospitality Collection range, we've done our best to convey care and hospitality, both for people and a sustainable environment.

SWEDESE STUDIO™ GIVES YOU FREE HANDS

If you have specific requirements for a public space, Swedese Studio™ provides an exclusive opportunity. It offers the chance to collaborate closely with designers and craftsmen who can help you to create unique furniture and interiors for unique environments.

**FEEL AT HOME
WHEREVER YOU ARE**

At Swedese, we've never differentiated between furniture for living areas and public spaces, using the same materials, construction and durability. But above all, the same ability to create a feeling of home, anywhere and everywhere.

LAMINO. Swedese's crown jewel, conceived by Yngve Ekström. Timeless, elegant and as stylish as it was 50 years ago. Laminated beech, oak, ash or walnut veneer. Upholstered in sheepskin, fabric or leather.

HAPPY. With a welcoming smile, happy blends in with all types of surroundings. With or without neck support. The serie includes easy chair, sofa, barstool and stackable chair.

AMSTELLE. Armchair which forms part of an extensive family of functional, modern furniture, including chairs, armchairs, pouffes and stools. Legs in oak or ash.

GRACE. A simple, smart and comfortable chair with a clear identity. Accessories include upholstered seat and/or back, acoustic absorption, linking device and trolley. Comes in a range of designs, armchair included.

LAZY. Designer Bror Bojje's minimalist, elegant sofa and easy chair are highly durable and robust as well as functional and elegant. Includes springs in seat and option of fully removable upholstery.

BESPOKE ANGLE. Fully customized and produced in the dimensions requested. Extremely solid table with elegant features. Tabletop in oak, ash or laminate. Steel legs encased in wooden socket in oak or ash.

ATLAS. Table in solid oak or ash, with steel base. Robust construction enabling use both indoors and out. Top also available in oak or ash veneer, or compact laminate. Hooks under the tabletop are also available.

PILLO. Versatile, comfortable easy chair with generous proportions and a timeless feel. Available with or without adjustable neck support. Return mechanism and lock function when chair is in lowered position. Optional foot stool.

CONTINENTAL. Spacious, modern and comfortable with a continental attitude. Imaginative filling adds to the overall impression. Upholstery in fabric or leather, base in chrome, black or white lacquer.

BREEZE. Tabletop featuring poetic design, inspired by the soft summer breeze. Two possible configurations; the smaller and taller and the larger and lower. Top in white or black lacquered ash or with laminated copper plate. Matching base in lacquered steel or copper-plated steel.

FLOWER. Organically shaped with stalk-like legs and made with the veneer lamination technique, this table has become a symbol of Swedese. A classic piece with a variety of combinations, including oak, ash, walnut or even fully white or black. Three different heights enable a nest of tables to be created.

BOXPLAY. The natural centre of attention in the room. At once robust and elegant, with an asymmetrical shape that creates a playful impression. Features a solid wooden frame and upholstery in fabric or leather.

WOOD. Minimalist sofa featuring simple, timeless lines. Features minimalistic shape and authentic natural materials. Upholstery in fabric or leather, with only one visible seam – on the armrest. Legs in wood or black metal.

TEATIME. Elegant serving trolley with castors and detachable tray. Create your own unique Teatime by combining different materials for the trolley, tray and shelf; natural ash, white or black lacquer.

CONTINENTAL. Spacious, modern and comfortable with a continental attitude. Imaginative filling adds to the overall impression. Upholstery in fabric or leather, base in chrome, black or white lacquer.

TREE. It's not difficult to figure out what inspired this iconic coat hanger. Magical and sublime. Wall mounted or free standing on floor, two different sizes and a range of colours.

MADISON. The best of Scandinavian aesthetics, featuring craftsmanship, functionality and low-key design. Add your own personal stamp by playing with different sizes and adding/removing the buttons on the back cushions. Legs in oak or sled base in chrome, black or white lacquer.
